

Press Release

Livingston County Drain Commissioner's Office

September 12, 2016

Fall/Winter Lake Level Schedule for 2016

As part of the court ordered lake level management by the Drain Commissioner's office, below are the tentative dates to begin the drop in lake levels in order to reach the winter levels*:

Crooked Lake – October 7, 2016

Hiland Lake – October 21, 2016

Thompson Lake – September 21, 2016: The target date for reaching the 3-foot drop is October 17, 2016. The drop is occurring earlier than normal in order to conduct maintenance before the weather reaches freezing temperatures.

*Please keep in mind that the dates are weather dependent and are subject to change. Changes will be posted on the Livingston County Drain Commissioner's website:
